### Profile:

Nasatka Security, Inc. has been manufacturing and installing protective barricade systems for over 30 years. Nasatka Security is a Security Product Development, Engineering, and Manufacturing Company specializing in the production of Vehicular Access-Control devices for maximum-security applications.

Today, loyal to its founding, Nasatka Security retains an ongoing commitment to the research and development of K-rated mobile, bollard and wedge barriers. In recent years, however, Nasatka has been experiencing a rapid transformation. Responding to the growing global need for integrated security solutions, Nasatka expanded its specialty to providing CCTV, Video Surveillance, Intrusion Detection and Passive Barriers. In the United States and overseas, Nasatka Security remains on the forefront of development, ensuring their customers safety with their **Global Lines of Defense**.

### Product Lines:
