### Profile:

For more than 50 years, Nasatka Security has been a trusted leader in perimeter protection, delivering advanced vehicular access-control systems for military, government, energy, and commercial clients worldwide. Founded in 1975 and recognized as the first U.S. company to crash-test a vehicle barrier, Nasatka helped establish the industry standard for high-security applications. Today, our lineup includes fixed and mobile crash-rated barriers, bollards, gates, and integrated access control systems—including the latest M-rated technologies to address evolving global threats. With a U.S.-based manufacturing facility and in-house engineering, installation, and full lifecycle support, Nasatka delivers turnkey solutions that ensure resilience, reliability, and peace of mind. Five decades strong. One mission: Total protection.

### Product Lines:

- ✓ Drop Arm (Crash Beam) Barriers
- ✓ Steel-Plate (Wedge) Barriers
- ✓ Fixed, Removable & Retractable Architectural Bollards
- ✓ Sliding Crash Gate Barriers
- ✓ Portable & Mobile Barriers
- ✓ Manual / Electric / Hydraulic Operating Solutions
- ✓ Integrated Access-Control Checkpoint & Perimeter Security Automation Solutions — scalable checkpoint automation that combines crash-barrier systems, bollards, gates, access-control hardware, surveillance, and security automation in unified configurations
